### 6 th ASIA-PACIFIC CONGRESS OF in conjunction with

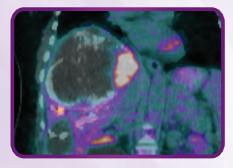

2nd Multidisciplinary Oncology Symposium Malaysia & Malaysian Society of Interventional Radiology Annual Scientific Meeting (MYSIR ASM)

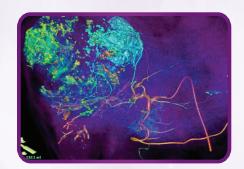

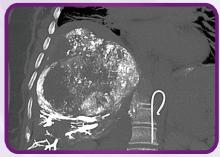

### Theme:

### **Message From Organising Chairman of APCIO 2019**

Dear colleagues,

On behalf of Malaysian Society of Interventional Radiology (MYSIR) and Asia Pacific Society of Interventional Oncology (APSIO), I am pleased to invite you to participate in our upcoming 6th Asia-Pacific Congress of Interventional Oncology 2019 and 2nd Multidisciplinary Oncology Symposium Malaysia which will be held from the 2nd to 5th October 2019 in Kuala Lumpur, Malaysia.

The theme of the conference is entitled "Interventional Therapy in Modern Oncology: Technological Integration Beyond Boundaries". This congress approach is multidisciplinary sharing encompassing 6 subspecialties. To enhance our congress, there will be intersociety collaborations with associations such as Society of Interventional Oncology (SIO), Cardio-vascular Interventional Radiology Society of Europe (CIRSE), Asia-Pacific Association of Image-Guided Therapy in Oncology (APAITO), Asia Pacific Society of Cardiovascular and Interventional Radiology (APSCVIR), Asia Pacific Primary Liver Cancer Expert Association (APPLE), Asian Pacific Association for the Study of the Liver (APASL) and Malaysian Oncology Society and many more.

On the premise that the best-case management fundamentally comprises a mix of the latest technologies, accurate diagnosis, appropriate and correct treatment regime and most importantly, an empathetic as well as humanistic approach to patient care, APCIO 2019 and 2nd MOSM, aim to establish a regular platform in the continual improvement of medical expertise as well as ethical and best medical practices in oncological patient care delivery.

There will be over 100 world renowned international faculties and 50 national speakers from regionally renowned institutions, sharing their skills, knowledge and insight into case management and presenting the latest developments in the oncological fields. Live case transmission is among the highlight of the event. Hepatocellular Carcinoma (HCC), Colorectal Carcinoma (CRC), Lung Cancers, Bile Duct Cancer (Cholangiocarcinoma), Neuroendocrine Cancer (NET), Breast and Gynaecological Cancers are among the seven major cancers profiled in the event.

On the 2nd October 2019, pre-congress day, there will be 3 workshops available for delegates to choose from which are Masterclass in TACE, Masterclass in Tumour Ablation and Masterclass in Pain Management. The workshops will feature technical learning, live cases teaching and didactic lectures.

On the 3rd to 5th October 2019, in Kuala Lumpur Convention Centre, we will have 200 over focused lectures, multidisciplinary board symposia, 6 lunch symposiums, morning technical workshops, device demonstrations, simulated case symposia, tea/booth lectures, company specific workshops and 4 live cases transmission highlighting state-of-the-art interventional oncological and diagnostic procedures.

With the aim of Technological Integration in Oncology Beyond Boundaries, our delegates can expect to take away from this congress knowledge on new and effective treatment technologies in the minimally invasive therapy, targeted molecular drugs, updates on immunotherapy, new surgical advances in oncology, state-of-art radiation therapy, new generation of pathology on the immunohistochemistry and molecular profiling, and various new interventional options. Our goal is to give delegates information that they can take back and apply in their practice and optimize the treatment choices they can offer to patients. In particular, the Masterclass in TACE will highlight the case mix management and stratification in interventional management of liver cancer and metastatic disease. This is the 4th teaching Masterclass and is one of the most popular and educational popular workshops which is highly recommended to young interventional radiologists.

We invite our colleagues to share their work and research through free paper oral presentations and live e-poster presentation sessions. Call for abstracts is now open.

All congresses are not only about scientific meeting. We hope that our delegates will take the opportunity to enjoy the sights and sounds of Kuala Lumpur Malaysia and use this opportunity to build new networks and strengthen existing friendships with colleagues both national and international.

Regards,

Dr Alex Tang FRCR
Organising Chairman of 6th APCIO a

Organising Chairman of 6th APCIO and 2nd MOSM 2019 President of MYSIR

### **Message From President of Asia-Pacific Society of Interventional Oncology**

Dear Colleagues and Friends,

On behalf of the Asia-Pacific Society of Interventional Oncology, we would like to congratulate the 6th Asia-Pacific Congress of Interventional Oncology (6th APCIO) which will be held from 3rd - 5th October 2019 in Kuala Lumpur, Malaysia. It is my great pleasure to invite all the great health professionals, doctors, nurses, technicians, scientists, academicians, young researchers, students and business delegates from all over the world to attend the 6th Asia-Pacific Congress on Interventional Oncology 2019.

The conference shares an insight into the recent interventional oncology research and cutting-edge medical technologies, which gains immense interest with the colossal and exuberant presence of medical professionals, brilliant researchers, business delegates and talented student communities.

Our meeting's goal is to bring together a multi-disciplinary group of medical workers from all over the world to present and exchange break-through ideas relating to the interventional oncology. It promotes top level research and to globalize the quality research in general, thus making discussions, presentations more internationally competitive and focusing attention on the recent outstanding achievements in the field of interventional oncology, and future trends and needs.

We warmly welcome you to join us to make the 6th Asia-Pacific Congress of Interventional Oncology Conference a memorable event!

Let's meet in the beautiful city of Kuala Lumpur, Malaysia next year!

Yours sincerely,

**Professor Dr Ren-Jie Yang, MD & PhD**The President of Asia-Pacific Society of Interventional Oncology

Scientific Committee:

### **APCIO 2019 Local Organising & Scientific Committee**

Organizing Chairman: Dr Alex Tang

Secretary: Dr Anis Shafina Mahfudz
Treasurer: Dr Nur Adura Yaakup
Scientific Chairman: Dr Norshazriman Sulaiman

A. Prof. Dr Khairul Azmi Abd Kadir

Dr Ridzuan Abdul Rahim Dr Naveen Rajadurai

Dr Melisa Lim Seer Yee

Media & Promotion: Dr Josephine Subramaniam

Sponsorship Dr Jeyaledchumy Mahadevan
Committee: A. Prof. Dr Khairul Azmi Abd Kadir

Dr Lau Jia Him Dr Alex Tang

Logistics & Exhibition: Dr Naveen Rajadurai
Technical, Audiovisual Dr Fadhli Mohamed Sani

& Information Technology (IT)

Social Programme A. Prof. Dr Anushya Vijayananthan

### **MYSIR Council 2018 - 2020**

President Dr Alex Tang

Vice President A. Prof. Khairul Azmi Abd Kadir Secretary Dr Norshazriman Sulaiman Treasurer Dr Nur Adura Yaakup

Past President Dr Jeyaledchumy Mahadevan

Council Members Dr Naveen Rajadurai

- 5. Prof Dr Pang Yong Kek
- 6. Dr Pathmanathan Rajadurai
- 7. Prof Dr Rosmawati Mohamed
- 8. A Prof Dr Yoong Boon Koon

### **Congress Highlights**

- Evolving Concepts In Interventional Oncology: The Future Of Precision Medicine
- 2. Immunohistochemical Pathology
- 3. Molecular Profiling : The Future Is Bright
- Hybrid Angio-CT Guidance In Advanced Interventional Oncology
- 5. State-Of-Art Transarterial Therapy And Management In Cancers
- 6. TACE Beyond Liver

- Local Ablation In Malignant Disorders (RFA/MWA/Cryotherapy/ IRF)
- 8. Novel Targeted And Immunotherapy In Cancers
- 9. New Paradigm In Modern Radiation Oncology
- 10. Anti Viral Therapy In HCC : Roles And Outcome
- 11. Multidisciplinary Board Symposia With Case Studies
- 12. Live Telecast And Masterclass Training In Interventional Oncology

### **Lecture Hall A**

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 1 Precision In Targeted Biopsy: How To Optimise Your Biopsies And Handle The Bleed
0730 - 0750	CT-Guided Biopsy: How Do I Do The Dangerous Biopsies With Ease
0750 - 0810	Liver Biopsy: Targeting The Difficult Lesions: Tips And Tricks
0810 - 0830	Handling Bleed During Biopsies: Plug And Glue Make Easy
	MDT Round Table 1 Hepatocellular Carcinoma 1: Clinical Assessment Of HCC
0830 - 0845	HCC: What The Hepatologist Sees?
0845 - 0900	Management Guidelines In HCC: What A Surgeon Follows? The Surgeon's Perspective / Choice
0900 - 0915	Management Stratification In HCC : What An IR Should Know?
0915 - 0930	Downstaging Of Hepatocellular Carcinoma With TACE
0930 - 1000	Panel Discussions & Difficult Case Presentations
1000 - 1010	Plenary 1 The Journey Of IR In Malaysia
1010 - 1030	Plenary 2 4th Pillar in Modern Oncology: Current State-Of-The-Art And Future Innovation In Intervention Oncology
1030 - 1100	Plenary 3 Interventional Oncology: A Mainstream Clinical Practice
1100 - 1140	Opening Ceremony
1140 - 1200	Keynote Lecture Oncological Services Beyond Boundaries: Now And The Future
	APCIO Meets SIO
1200 – 1220	SIO's Global Vision In IO And Fellowships In USA
1220 - 1240	IO As A Subspecialty And Our Path Forward
1240 - 1300	Preoperative Liver Regeneration Strategies To Improve The Safety Of Major Hepatic Resection: Which One And When?
	Lunch Symposium By Canon The Power Of Angio-CT : Seeing The Unseen
1300 - 1320	Technological Innovation And The Future Of Angio-CT In IO
1320 - 1340	New Concepts In IO: The Power Of Angio-CT In Game Planning, Outcome Prediction, Region At Risk, 3D Visualisation, 3D Safety Margin, Embolic Density & Detection of Complications

Time	Details
1340 - 1400	Angio-CT In ER: The New Game Plans in Outcome Optimisations
	MDT Round Table 3 Angiology And Immunology Of HCC
1400 - 1415	Angio-Architecture, Angiosome & Hemodynamic Classifications In HCC: The Impact In A Successful cTACE
1415 - 1430	Interventional Implications Of Portal Venous Hemodynamic, AV & AP Shunts In HCC
1430 - 1445	Pathology In HCC: What The New Immunohistochemistry Entails?
1445 - 1500	Immunology And Check Point Receptor Researches In HCC
1500 - 1600	Booth Symposium & Device Demonstrations
	Tea Symposium By Canon
	Special Session 3 Women In Oncology
1600 - 1610	RESAIC Salvage Therapy In Advanced Breast Cancer
1610 - 1620	Chemo-Radio Therapy In Cervical Cancer Stage. Optimizing Outcomes
1620 - 1630	A Clinical Investigation Treating Different Types Of Fibroids Identified By MRI-T2WI Imaging With Ultrasound Guided High Intensity Focused Ultrasound
1630 - 1640	ТВС
1640 - 1650	Essential Consideration In Adrenal Gland Ablation
1650 - 1700	Q & A
	MDT Round Table 4 Hepatocellular Carcinoma 3: Management Of Early HCC
1700 - 1712	Case Capsules In Imaging Of Early HCC
1712 - 1724	<u>Debate: To Ablate Or To Operate</u> Surgeon: Surgery Is The Treatment Of Choice In Early HCC
1724 - 1736	<u>Debate: To Ablate Or To Operate</u> IR: Ablation Is The Option Of Choice
1736 - 1748	Randomised Trials In Early HCC: Surgery Vs Ablation
1748 - 1800	cTACE In Early HCC: Literature Review And Data Update
1800 onwards	Welcome Reception

### Lecture Hall B

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 2 Basics Of Thermal Ablation In Liver: RFA
0730 - 0750	Case Selection, Pre-procedural Preparations And Pain Control (Sedation/GA)
0750 - 0810	Optimizing Zone Of Ablation: Understanding Needle Geometry And Zone Of Ablation / Heat Sink Effect
0810 - 0830	Avoidance Of Complication: Needle Track Ablation / Choice Of Organ Protection Technique
	Focus Workshop 1 Tumour Ablation 1: Thermal Ablation In Hepatocellular Carcinoma
0830 - 0850	Thermal Ablation For HCC: What's New In 2019
0850 - 0910	LeVeen™ RFA Needles: Spherical And Larger Ablation
0910 - 0925	RFA In Small HCC: Technical Pitfalls And Literature Reviews
0925 - 0940	RFA In Intermediate HCC: Needle Geometry, Case Selection, Combination Techniques In Optimising Outcome And The Clinical Evidence
0940 - 1000	Emprint Thermosphere™ Microwave Ablation: The Confidence Of Spherical Burn
1000 – 1010	Plenary 1 In Lecture Hall A
1010 – 1030	Plenary 2 In Lecture Hall A
1030 – 1100	Plenary 3 In Lecture Hall A
1100 – 1140	Opening Ceremony Lecture Hall A
1140 - 1200	Keynote Lecture Lecture Hall A
	Focus Workshop 2 Tumour Ablation 2: Percutaneous Ablation In Lung Tumours
1200 – 1220	Percutaneous Ablation In Primary And Secondary Lung Tumours: What Is The Current Practice?
1220 - 1232	Local Ablations Vs SBRT In Lung Tumors Have The Same Clinical Outcome: The Evidence Is Here

Time	Details
1232 - 1244	Lung Ablation Is A Safe Procedure: Pitfalls In Avoidance Of Complications
1244 - 1300	Cryoablation In Dangerous Territories: Optimising CO <sub>2</sub> Dissection And Thermocouple Control
	Lunch Symposium By Boston Scientific
1300 - 1320	TANDEM TACE In mCRC Of Liver: Size Matters
1320 - 1340	TheraSphere In Radioembolisation Of HCC
1340 - 1400	Cryoablation In IO: Transcending The Limits In Cancer Managements
	Special Session 1 Artificial Intelligence In IO
1400 - 1420	Al In IR: What It Entails
1420 - 1440	Al In IO: How Can It Optimise My Practice?
1440 - 1500	Al And VR: The Way Forward
1500 - 1600	Booth Symposium & Device Demonstrations
	Lunch Symposium By Boston Scientific
	Focus Workshop 3 Tumor Ablation In Oncology
1600 - 1620	Image Guided Irreversible Electroporation (IRE):
	The Current Status
1620 - 1630	The Current Status Pitfalls And Complications Of IRE

Time	Details
0700 onwards	Registration Counter Opens
	Industrial Breakfast Symposium 1: BSC Therasphere In Liver Radioembolisation
0730 - 0745	Radioembolization: Patient Selection
0745 - 0800	BSA Vs Partition Technique: When To Use Which
0800 - 0815	Current Status Of Yittrium - 90 In Metastatic Colorectal Cancer
0815 - 0830	Therasphere In HCC: Current Status And Result
	APSIO/CIRSE/SIR/APSCVIR Joint Session: Training And Practice In Interventional Oncology: A Global Vision In Standardisation Of Care
0830 - 0845	Interventional Oncology: How I Practice As A Clinician
0845 - 0855	APCIO: Past, Present And Future
0855 - 0920	A Comprehensive Quality Assurance Program In Interventional Oncology: A Lesson Well Learned From Radiation Oncology
0920 - 0930	Making IR My Career: Learning from SIR Making IR the First Choice In The Young Graduates
0930 - 0950	The CIRSE Curriculum For IO
0950 - 1000	Reaching To World Beyond: SIR Giveback And Outreach Program
1000 - 1010	APSCVIR For Asia: My Vision As The President
1010 - 1025	Journey In IO: My Life Story
1025 - 1100	Panel Discussion
1100 - 1130	Tea Symposium By Canon
	APCIO Meets APASL & APPLE
1130 - 1150	HCC: Disease Burden And Clinical Surveillance Guideline And Anti Treatment
1150 - 1205	ТВС
1205 - 1220	Prognostic Impact Of Transcatheter Arterial Chemoembolization Combined With Radiofrequency Ablation In Patients With Unresectable Hepatocellular Carcinoma: A Comparison To TACE Alone using Decision-Tree Analysis After Propensity Score Matching
1220 - 1230	APPLE Guideline In HCC

Time	Details
1230 - 1245	Radiotherapy In The Era Of Immune-Oncology For HCC
1245 - 1300	Targeted Drugs & Immunotherapy In HCC: New Frontier In HCC Management
	Lunch Symposium By Philips Healthcare
1300 - 1345	Emboguide In IO: My Invention And Its Applications
1345 - 1400	Emboguide In TACE: I Love It
	Industry Sponsored Symposium By Canon Hybrid Angio-CT Technology
1400 - 1415	Hybrid Angio-CT Interventional Suite: Expensive Gimmick Or Essential Tool?
1415 - 1430	Angio CT In Complex TACE
1430 - 1445	Embotrack In IO: The Google Map In Precision Medicine
1445 - 1500	Angio-CT In Non-Vascular Intervention: The Sky Is The Limits
1500 - 1600	Tea Symposium By Canon
	Future In IO 4: Liver Metastases: The Next Frontier
1600 - 1620	Transarterial Chemosaturation In Chemoresistant Hepatic Metastases: Technical Pitfalls And Outcomes
1620 - 1635	Microsphere TACE For Colorectal And Breast Cancer Liver Metastases
1635 - 1645	Radiofrequency Ablation Combined With Hepatic Chemoembolization Using Degradable Starch Microsphere Mixed With Mitomycin C For The Treatment Liver Metastases From Colorectal Cancer: A Prospective Multicenter Study
1645 - 1700	Transarterial Management In Liver Metastases: The Beijing Protocol
1700 - 1710	Vandetanib-Eluting Radiopaque Embolic Beads In Patients With Resectable Liver Malignancies
1710 - 1720	Intervention In Liver Metastases: My Worst Nightmare With Good Outcome
1720 - 1730	Intervention In Liver Metastases: My Worst Nightmare With Bad Outcome
1900 onwards	Congress Dinner

### Lecture Hall B

Time	Details
0700 onwards	Registration Counter Opens
	Industrial Breakfast Symposium 2: Canon Hybrid CT-Angio System In Interventional Oncology
0730 - 0750	Principles And Application Of Angio-CT In IR/IO
0750 - 0810	Angio-CT In Liver Embolisation
0810 - 0830	CT-Angio In Non Vascular Intervention
	Special Session 4 Advanced Hepatobiliary Imaging Workshop
0830 - 0850	Imaging HCC In Cirrhotic And Non Cirrhotic Liver - Pearls And Pitfalls And The Role Of Primovist
0850 - 0900	Challanges In Imaging Of Early HCC: Dysplastic Or Malignant Nodules
0900 - 0920	LI-RADS In Liver Tumor
0920 - 0930	Portal Vein Evaluation In HCC: You Have Missed The Thief!
0930 - 0940	Post Liver Intervention Follow Up: Diagnostic Pitfalls And Reporting The Right Things
0940 - 0955	Cholangiocarcinoma: Imaging Pitfalls And What You Should Tell The IRs
0955 - 1005	MRCP: 2D, 3D And Primovist Cholangiogram: Best Protocol For Best Pictures
1005 - 1015	Imaging In Pancreatic Cancer: Early Signs That I Should Not Miss
1015 - 1030	Imaging In NET: CT, MRI or PET?
1030 - 1040	C11 Acetate PET-CT In HCC: Chasing The Unseen
1040 - 1100	Q & A
	Tea Symposium By Boston Scientific
1100 - 1130	DEB TANDEM TACE
	Focus Workshop 5 DEB TACE IN HCC
1130 - 1145	Current Technology And Bench Top Biophysiological Studies Of DEB In HCC
1145 - 1157	Combined Targeted Drug and DEB TACE For HCC: Evidence And Data Review
1157 - 1217	TANDEM TACE: The Power Of Small Size Spheres
1217 - 1232	DEB TACE In Treatment Of Large Hepatocellular Carcinoma

Time	Details
1232 - 1244	Transradial TACE In HCC:
-	Technical Feasibility And Outcome
1244 - 1300	Hepashere TACE In HCC: Clinical Result And Survival Outcome
	Lunch Symposium By
	BD Venous Intervention In Oncology
1300 - 1320	Portfolio Of Venous Access In IO: PICC And Port
1320 - 1340	Managing Venous Occlusion In IO: Venous Stents And Its Applications
1340 - 1400	Thromboembolic Prevention And Management In Oncological Related PE: The Power Of Self Centering Denali IVC Filter
	Future In IO 3: Balloon TACE In Liver Tumors
1400 - 1430	Flow Diversion And Isolation Techniques For Transarterial Therapy Of Liver Tumors:
	Pushing The Boundaries
1430 - 1440	Balloon TACE In Japan: Future Applications
1440 - 1500	Antireflux Catheter In Transarterial Therapy
	Tea Symposium By Boston Scientific
1500 - 1600	Y90 Tips And Tricks
	Focus Workshop 6 Hepatocellular Carcinoma - Options Beyond Guidelines
1600 - 1615	Advances In Tumour Ablation: The Combined Ablation System
1615 - 1630	Evolution In Management Of Advanced HCC: The Power Of Combined Therapy
1630 - 1650	Ablative Chemoeombolization (ACE)
1650 - 1705	HAIC In HCC: The Taiwan Regime
1705 - 1720	Combination Strategy Of External Beam Radiotherapy And TACE
1720 - 1730	Phase II Trial Of Sorafenib Combined With On-Demand Transarterial Chemoembolization For Advanced Stage Hepatocellular Carcinoma (BCLC Stage C: STAB Study)
1900 onwards	Congress Dinner

**Lecture Hall C** 

4th October 2019 (Friday)

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 7 Safe Sedation In IO
0730 - 0750	Basics Of Analgesia And Sedation Levels
0750 - 0810	Pre And Post Procedural Pain Control: What Are My Options?
0810 - 0830	Precautions In The Young And Elderly Patient
0830 - 0900	Extreme IO Challenge
0900 - 1000	Live Transmission Microwave / Cryoablation
1000 - 1030	Extreme IO Challenge
	Tea Symposium By Canon In Lecture Hall A
1030 - 1130	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
	Video Case Presentation
1130 - 1300	Stent Placement In SVC Syndrome
1300 - 1400	Lunch Symposium By Philips In Lecture Hall A
	Lunch Symposium By BD In Lecture Hall B
	Lunch & Exhibit Visit
1400 - 1500	Live Transmission DEB-TACE Tandem TACE
1500 - 1730	Extreme IO Challenge
1900 onwards	Congress Dinner

### **Lecture Hall D**

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 8 Extrahepatic TACE
0730 - 0755	TACE In Primary Breast And Lung Tumours: Technical Consideration & How Do I Do It?
0755 - 0820	Transarterial Chemotherapy In Liver And Pancreatic Tumour
0820 - 0830	Q & A
	Radiographer Session Advanced Angiographic Guidance In TACE
0830 - 0900	Angio-CT And Embotrack Guidance: How Do I Do It?
0900 - 0930	Emboguide With Cone Beam CT: How Do I Do It?
0930 - 1000	3D Roadmap In Transarterial Embolization
1000 - 1030	Case Presentations
	Tea Symposium By Canon In Lecture Hall A
1030 - 1130	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
1130 - 1300	Extreme IO Challenge
	Lunch Symposium By Philips In Lecture Hall A
1300 - 1400	Lunch Symposium By BD In Lecture Hall B
	Lunch & Exhibit Visit
1400 - 1500	Special Session 5 IO In Asia 1
	Tea Symposium By Canon In Lecture Hall A
1500 - 1600	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
1600 - 1730	Special Session 6 IO In Asia 2
1900 onwards	Congress Dinner

Lecture Hall E

### 4th October 2019 (Friday)

Time	Details
0700 onwards	Registration Counter Opens
0730 - 1030	Nurse Session Microcatheter Mix And Match
	Tea Symposium By Canon In Lecture Hall A
1030 - 1130	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
	Nurse Session
1130 - 1300	Virtual Simulation For Nursing Education
	Lunch Symposium By Philips In Lecture Hall A
1300 - 1400	Lunch Symposium By BD In Lecture Hall B
	Lunch & Exhibit Visit
	MDT Round Table 5 Prostatic Imaging And Intervention
1400 - 1412	Multiparametric MRI Prostate: PI-RADS Reporting And Radiological Staging
1412 - 1424	PSMA PETT CT In Cancer Prostate
1424 - 1436	Imaging Of Prostate And Intervention: What The Urologist Wants?
1436 - 1448	Prostatic Embolization. Technical Feasibility And Clinical Update
1448 - 1550	Q & A
	Tea Symposium By Canon In Lecture Hall A
1500 - 1600	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
	Focus Workshop 7 Scientific Writing
1600 - 1640	Writing A Good Paper: Best Study Designs And Its Weaknesses
1640 - 1710	Writing A Good Paper: East Vs West Papers. How To Get Your Papers Published
1710 - 1730	Recent Interesting Research Areas To Consider
1900 onwards	Congress Dinner

### **Lecture Hall F**

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 9 Basics Of Thermal Ablation In Liver: MWA
0730 - 0750	Case Selection, Pre-procedural Preparations And Pain Control (Sedation/GA) For MWA
0750 - 0810	Optimizing Zone Of Ablation: Understanding Needle Geometry And Zone Of Ablation In MWA
0810 - 0830	Avoidance Of Complication: Needle Track Ablation / Choice Of Organ Protection Technique
0830 - 1030	Free Paper Oral Presentation
	Tea Symposium By Canon In Lecture Hall A
1030 - 1130	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
1130 - 1300	Free Paper Oral Presentation
	Lunch Symposium By Philips In Lecture Hall A
1300 - 1400	Lunch Symposium By BD In Lecture Hall B
	Lunch & Exhibit Visit
1400 - 1500	Free Paper Oral
	Tea Symposium By Canon In Lecture Hall A
1500 - 1600	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
1600 - 1730	Endocare User Meeting Session
1900 onwards	Congress Dinner

### **Lecture Hall G**

Time	Details
0700 onwards	Registration Counter Opens
0,0000,000	Foundation Course 10 Radiation Protection In IO
0730 - 0750	Optimizing Radiation Protection In IO
0750 - 0820	Radiation-Induced Skin Injuries From Fluoroscopic Guided Procedures
0820 - 0830	Q & A
0830 - 1030	Free Paper Oral Presentation
1030 - 1130	Tea Symposium By Canon In Lecture Hall A  Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Break & Exhibit Visit
1130 - 1300	Free Paper Oral Presentation
1300 - 1400	Lunch Symposium By Philips In Lecture Hall A  Lunch Symposium By BD In Lecture Hall B  Lunch & Exhibit Visit
1400 - 1500	Free Paper Oral Presentation
1500 - 1600	Tea Symposium By Canon In Lecture Hall A  Tea Symposium By Boston Scientific In Lecture Hall B  Tea Break & Exhibit Visit
1600 - 1730	Free Paper Oral
1900 onwards	Congress Dinner

### Lecture Hall A

Time	Details
0700 onwards	Registration Counter Opens
	Industrial Breakfast Symposium By Guerbet Conventional TACE For Hepatocellular Carcinoma
0730 - 0745	Case Stratification & Pre-procedural Assessment / Preparation
0745 - 0800	Angiographic Analysis In HCC
0800 - 0815	Water In Oil Vs Oil In Water: The Bench Top Analysis And Its Clinical Implications?
0815 - 0830	How Do I Do Superselective cTACE, Its End Point And Why cTACE Fails
	MDT Round Table 6 Renal And Urologic Malignancies
0830 - 0840	Staging Of RCC: TNM Classifications And Its Relevance To Oncologic Interventions
0840 - 0850	Urological Management Of RCC: What's On The Plate?
0850 - 0900	Oncological Management Of RCC: New Targeted Drugs & Outcome
0900 - 0915	Percutaneous Ablation Of Small Renal Tumours: Evidence Is Here
0915 - 0925	Long Term Outcomes Of Combination Of Embolization And Ablation Of T1b Renal Cell Carcinoma
0925 - 0935	Cryoablation In RCC: How Big Can We Freeze?
0935 - 0945	IRE In RCC: Safety And Feasibility
0945 - 1000	Q & A
1000 - 1100	Tea Symposium by Canon
	MDT Round Table 8 Functional Precision Medicine In Lung Cancer Management
1100 - 1112	EBUS (Endobronchial Ultrasound) In Lung Cancer Diagnosis And Staging
1112 - 1124	Molecular Pathology In Lung Cancer: Why Post Progression Biopsy Is Essential
1124 - 1136	Lung Cancer: The Relative Roles Of SABR And Thermal Ablation

Time	Details
1136 - 1148	Resection In Lung Cancer: Feasibility And Outcome
1148 - 1200	Targeted Drugs In Lung Cancer
1200 - 1212	Downstaging Of Stage 3 NSCLC For Surgical Resection: Clinical Feasibility And Outcomes
1212 - 1224	Percutaneous Thermal Ablation: May We Do It Without Percutaneous Puncture?
1224 - 1236	Tracheobronchial Interventions In Lung Malignancy
1236 - 1248	MDT Management Of Tracheal Adenoid Cystic Carcinoma With Airway Occlusion: Argon Plasma Coagulation With Combined Tracheobroncheal Transarterial Chemosaturation
1248 - 1300	Challenging Lung Ablation
	Lunch Symposium By Guerbet The Power Of Lipiodol
1300 - 1320	Standardisation Of cTACE Using Vectorio
1320 - 1340	SeQure® And DraKon™ Microcatheters: The Power Of Superselectivity And Anti Reflux
1340 - 1400	Back To Liquid: Lipiodol And Alcohol In Giant HCC, A Stepwise Approach
	Focus Workshop 11 Ablations & TACE Beyond Convention
1430 - 1445	Sodium Bicarbonate Infusion For Optimisation Of cTACE Intra-Tumoral Lactic Acidosis
1445 - 1500	Principle And Technical Considerations
1500 - 1515	Clinical Application And Data Update
1515 - 1530	Percutaneous Segmental Ablation In Primary Liver Cancer
1530 - 1545	ТВС
1545 - 1600	TBC
1600 - 1700	Closing Ceremony

### **Lecture Hall B**

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 11 Teaching Course In Cryoablation
0730 - 0742	Indications, Case Selections And Choice Of Equipments
0742 - 0754	Physics And Abscopal Effects In Cryoablation
0754 - 0806	Cryoablation In RCC: How Do I Do It?
0806 - 0818	Cryoablation Of Lung: How Do I Do It?
0818 - 0830	Cryoablation Of Spinal Tumour
	Focus Workshop 8 Radioembolisation In Liver Malignancies
0830 - 0842	Current Role, Indication And New Concepts Of SIRT In Liver Malignancies
0842 - 0902	Therasphere In HCC
0902 - 0914	SIRT In HCC: The Hong Kong Perspective
0914 - 0926	Curative Intent Therapies In HCC
0926 - 0938	Radioembolization In Hepatic Malignancies: Complications And Pitfalls
0938 - 0950	Proton Beam Therapy In HCC
0950 - 1000	Q & A
1000 - 1100	Tea Symposium By Boston Scientific ICD Coil
	Focus Workshop 10 Interventions In Biliary Malignancies
1100 - 1115	Advanced Imaging & Classifications In Cholangiocarcinoma
1115 - 1135	Transarterial Interventions In Cholangiocarcinoma: Technical Options And Outcome

Time	Details
1135 - 1150	Radioiodine Bead Loaded Brachytherapy In Klatskin Tumour: Technical Options And Results
1150 - 1205	IO Treatment Of Cholangiocarcinoma
1205 - 1220	Clinical Studies Of Percutaneous Endobiliary Radiofrequency Ablation And Stent Placement In Malignant Biliary Obstruction
1220 - 1235	Multiple Interventional Techniques In Comprehensive Treatment Of Hilar Cholangiocarcinoma
1235 - 1250	Case Capsules
1250 - 1300	Q & A
1300 - 1400	Journal Club
	Focus Workshop 12
	Portal Vein Intervention In IO
1400 - 1415	TIPS In IO: Indications And Outcome
1415 - 1430	Management Of AP And AV Shunts In HCC
1430 - 1445	Stenting In Malignant Portal Vein Occlusion: Options And Results
1445 - 1500	HAIC In Malignant PV Invasion: Feasibility And Outcome
1500 - 1515	Hepatocellular Carcinoma With Portal Vein Tumour Thrombus
1515 - 1530	SIRT In Portal Vein Invasion
1530 - 1545	Transplenic TIPS
1545 - 1600	Portal Vein Embolization: Principle And Techniques
1600 - 1700	Closing Ceremony

### **Lecture Hall C**

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 12 Basics In Ablation Of Benign Thyroid Nodules
0730 - 0745	Pre-Ablation Ultrasound Thyroid Assessment: What Do IRs Need To Know
0745 - 0800	Patient Selection And Preparation
0800 - 0815	Technical Approach And How Do I Do It?
0815 - 0830	Management Of Complications In Thyroid Nodules Ablation
	MDT Round Table 7 Colorectal Carcinoma: Chemoresistant CRC Liver Metastases
0830 - 0842	DEB TACE In CRC Liver Metastases: Review Of Literature
0842 - 0854	Individualised Treatment For Colorectal Cancer
0854 - 0906	Current Status Of Radioembolisation In Metastatic Colorectal Cancer
0906 - 0918	<u>Debate:</u> Surgical Resection Should Be The Mainstay In The Management Of Pauci Metastatic Liver Disease
0918 - 0930	<u>Debate:</u> Thermal Ablation Should Be The Mainstay In The Management Of Pauci Metastatic Liver Disease
0930 - 0950	Tandem TACE In HCC Liver Metastases: The Power On 40 Microns
0950 - 1000	Q & A
1000 - 1100	Tea Symposium By Canon In Lecture Hall A
	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Symposium By Siemens In Lecture Hall D
	Tea Break & Exhibit Visit

Time	Details		
	Special Session 7 Spine Intervention In Oncology		
1100 - 1115	Imaging Pitfalls In Spine Tumours		
1115 - 1130	Vertebral Augmentation In Malignant Spinal Disorder: Vertebroplasty Vs. Kyphoplasty		
1130 - 1145	Spine Intervention, Managing Complications		
1145 - 1200	Cryoablation In Spinal Metastasis		
	APCIO Meets TSVIR		
1200 - 1220	How To Perform cTACE As Curative Aim For A Small HCC?		
1220 - 1240	IR Role Of Colorectal Metastasis In Thailand		
1240 - 1300	Fellowship IR Training Program In Thailand: Domestic And International		
	Lunch Symposium By Guerbet In Lecture Hall A		
1300 - 1400	Journal Club In Lecture Hall B		
	Lunch & Exhibit Visit		
	Focus Workshop 13 MR Guided Intervention In IO		
1400 - 1420	Galil MR-Guided Cryoablation: The Power Of Painless Ablation In IO		
1420 - 1600	ТВС		
1600 - 1700	Closing Ceremony		

**Lecture Hall D** 

5th October 2019 (Saturday)

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 13 Imaging In Hepatocellular Carcinoma And Liver Metastases
0730 - 0800	MRI Protocol In Liver Imaging With Primovist And LI-RADS For HCC Surveillance
0800 - 0815	Atypical HCC: Imaging Dilemma
0815 - 0830	What IRs Need To Know Pre And Post Interven- tions In HCC And Liver Metastases
	Focus Workshop 9 Radioiodine In Oligometastatic Disease And Visceral Organs
0830 - 0900	Indications, Contraindications And Treatment Planning: What To Consider
0900 - 0920	Challenges In Radio-Iodine Services In Malaysia
0920 - 0940	CT-Guided I-125 Seeds Implantation For The Treatment Of Metastatic Epidural Spinal Cord Compression
0940 - 1000	lodine Dosimetry
1000 - 1100	Tea Symposium By Siemens
1100 - 1300	cTACE Challenge By Meritt Medical
	Lunch Symposium By Guerbet In Lecture Hall A
1300 - 1400	Journal Club In Lecture Hall B
	Lunch & Exhibit Visit
1400 - 1600	Morbidity & Mortality 2: My Worse Nightmare
1600 - 1700	Closing Ceremony

### Lecture Hall E

Time	Details
0700 onwards	Registration Counter Opens
0830 - 1000	Nurse / Radiographer Session
	Tea Symposium By Canon In Lecture Hall A
1000 - 1100	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Symposium By Siemens In Lecture Hall D
	Tea Break & Exhibit Visit
1100 - 1300	Extreme IO Challenge
	Lunch Symposium By Guerbet In Lecture Hall A
1300 - 1400	Journal Club In Lecture Hall B
	Lunch & Exhibit Visit
1400 - 1600	Extreme IO Challenge Session
1600 - 1700	Closing Ceremony

Lecture Hall F

5th October 2019 (Saturday)

Time	Details		
0700 onwards	Registration Counter Opens		
	Foundation Course 14 Irreversible Electropolation (IRE)		
0730 - 0740	Basic Principles Of IRE		
0740 - 0750	Indications & Contraindications Of IRE		
0750 - 0800	Pre-Procedural Preparations		
0800 - 0810	Technical Approach & Pitfalls		
0810 - 0820	Results And Complications		
0820 - 0830	My Secret Tricks		
0830 - 1000	ТВС		
	Tea Symposium By Canon In Lecture Hall A		
1000 - 1100	Tea Symposium By Boston Scientific In Lecture Hall B		
	Tea Symposium By Siemens In Lecture Hall D		
	Tea Break & Exhibit Visit		
	Special Session 8 General Interventions For Clinical Radiologists		
1100 - 1115	Setting Up A Basic IR Service. What Do We Need?		
1115 - 1130	Coagulation Parameters Before A Procedure		
1130 - 1145	IV Access. Catering For Patients Basic Needs		
1145 - 1200	Drainages. Ultrasound Or CT Guidance?		
1200 -1215	Biopsies. When To Say No?		
1215 - 1230	FNAC And Biopsy Of Thyroid Nodules. Pearls And Pitfalls		
1230 - 1245	Complications. Is It Avoidable?		
1245 - 1300	Bone Biopsies. Different Tools For Different Lesions		
	Lunch Symposium By Guerbet In Lecture Hall A		
1300 - 1400	Journal Club In Lecture Hall B		
	Lunch & Exhibit Visit		
1600 - 1700	Closing Ceremony		

### Lecture Hall G

Time	Details
0700 onwards	Registration Counter Opens
	Foundation Course 15 Vascular And Lymphatic Concerns IO
0730 - 0745	Central Venous Ports And Catheters Access: The Usual And Unusual Routes
0745 - 0800	Vascular Access For The Paediatric Patient
0800 - 0815	SVC And IVC Stenosis: Will Stenting Work?
0815 - 0830	Role Of Lymphangiography And Thoracic Duct Embolization In Oncology
	Tea Symposium By Canon In Lecture Hall A
1000 - 1100	Tea Symposium By Boston Scientific In Lecture Hall B
	Tea Symposium By Siemens In Lecture Hall D
	Tea Break & Exhibit Visit
	Lunch Symposium By Guerbet In Lecture Hall A
1300 - 1400	Journal Club In Lecture Hall B
	Lunch & Exhibit Visit
1600 - 1700	Closing Ceremony

### **Registration Fee**

### Masterclass (2nd October 2019)

	Malaysian	International
Masterclass in TACE	MYR 200	USD 75
Masterclass in Tumour Ablation	MYR 200	USD 75
Masterclass in Pain Management	MYR 200	USD 75

### Congress Day (3rd - 5th October 2019)

### **MALAYSIAN**

Registration fee includes: -

Full access to all scientific programme for the 3-day congress.

- Participants will be able to add on the masterclass, additional payment will be required. Please refer to the individual workshops for their fees requirements.
- When registering online, please verify that your registration fee is correct before submitting payment
- It does not include Conference Dinner ticket. Conference Dinner ticket may be purchased as an add-on.

Discount is available for group registration of more than 20pax. For more information, contact Conference Secretariat via email at <a href="mailto:secretariat@apcio2019.com">secretariat@apcio2019.com</a>.

### **Abstract Deadlines**

### **Abstract Submission Opens Now**

Abstract Submission Closes **15th June 2019** 

Author Notification Of Acceptance **30th June 2019** 

Deadline for successful abstract submitters to pay for conference registration

15th July 2019

### **Abstract Submission Guidelines**

To submit your abstract, click to register an account before you proceed to submit your abstracts.

Please specify the abstract title.

The title must begin with a capital letter and followed by lower case letters. Use capital and lower case letters as appropriate for abbreviations in title (e.g. CSP)

The title is limited to a maximum of 640 characters.

Please provide the date of the co-authors (name, affiliations). Ensure that all author information is included and entered correctly.

Please provide the abstract body text. The abstract body is limited to a maximum of 250 words which is approximately 1600 characters.

Depending on whether your abstract is a Research based abstract or a Case Report, the body follows the following format.

Research Format	Case Report Format	
Purpose	Introduction	
Materials and Methods	N/A	
Results	Report	
Conclusion	Conclusion	

Ensure that all changes, corrections and proofreading have been carried out before submission.

### **Disclaimer**

The organisers of this event and MYSIR/MOSM/APSIO take no responsibility for any published abstracts submitted. Any issues or errors arising from the abstracts are solely the responsibility of the authors.

By submitting his/her/their work, the Author(s) consent to the publication of the abstracts and transfer and assign to the Congress and MYSIR/MOSM/APSIO the rights to edit, publish, reproduce, distribute copies and to prepare derivative works such as press releases. Author(s) represent and warrants that he/she/they is/are sole author(s) of the work and that all authors have participated in and agree with the content and conclusions of the work; and that the work is original and does not infringe upon any copyright, proprietary or personal right of any third party. If the work is not original, the Author(s) should reference the original source and ensure all relevant permission and/or authorisation to re-use has been obtained.

For more information on abstract submission, please visit the conference website at www.apcio2019.com.

- The Review Committee's decision is final and no correspondence will be made by the reviewer in relation to their decision.

80

Young Interventional Radiologist & Young Reseacher Education Awards Available

Grant Application Deadline

15th June 2019

Kuala Lumpur fondly known as KL, is a modern and bustling city and is one of the region's most properous capitals. KL consists of a melting pot of cultures infused together and boasts a variety of attractions such as interesting heritage sites, shopping, entertainment, nature and adventure.

Here are some attractions you would not want to miss while you are here in Kuala Lumpur.

### **Petronas Twin Towers**

The 452 metres tall **Petronas Twin Towers** is the tallest building in Malaysia, and was once the tallest building in the world.

At the base of the Petronas Twin Towers is Suria KLCC, which is a shopping mall that is very popular among tourists. Tourists can also take a stroll along the beautiful landscaped KLCC Park, which is located at the side of the twin towers, where it features a jogging track, walking paths, water fountain and a wading pool for children.

Besides the mall and the park, there are also other attractions such as the Aquaria KLCC, Petronas Art Gallery and Petrosains Science Center inside the Petronas Twin Towers.

### **Batu Caves**

**Batu Caves** is an iconic and most frequented tourist attraction in Kuala Lumpur.

It is a limestone hill comprising 3 major caves featuring temples and Hindu shrines. Outside Batu Caves stands the world's tallest golden statue of Lord Murugan, a Hindu Deity, at 42.7 metres tall.

The attraction of Batu Caves includes the steep 272 steps climb up to finally view the stunning skyline of the city centre. Along your way up, you will see lots of monkeys frolic around the caves.

### Malaysian Food

Food can be considered as the national obsession. It is not uncommon to be greeted by the phrase "Sudah makan?" which means "Have you eaten?". Malaysian food is heavily influenced by Thai, Chinese, Indonesian and Indian cuisine. As elsewhere in Asia, rice is an essential staple. Some of the popular Malaysian food are Nasi Lemak, Char Kuey Teow, Roti Canai and Curry laksa. Our local delicacies will definitely tantalise your tastebuds.

### National Museum

The National Museum of Malaysia is a beautiful building characterized by traditional Malay Minangkabau-style architecture which stands in the heart of the city of Kuala Lumpur. It displays an excellent introduction to Malaysia's history, economy, geography, arts, crafts and culture.

For any exhibitor enquiries, please contact :-
