## 12<sup>th</sup> Annual Meeting of the Korean Society of Medical Oncology & 2019 International Conference

Building up Team Science to Cure Cancer!

Nov. 7 (Thu) - 8 (Fri), 2019

Dragon City Hotel, Seoul, Korea

# INVITATION

Dear Colleagues and Friends,

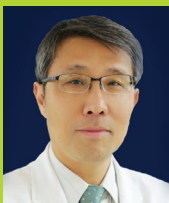

It is with great delight that we invite you to join us on the momentous occasion of the 12<sup>th</sup> Annual Meeting of the KSMO & 2019 International Conference (KSMO 2019) to be held in Seoul, Korea from November 7 to 8, 2019.

The Korean Society of Medical Oncology (KSMO) has been actively cultivating expertise in medical oncology since the foundation of the society in 2005, and has tirelessly dedicated itself to spreading knowledge and realizing the best research outcomes. Thanks to Korea's achievements and innovation in this very important field, the KSMO has decided to take a historic leap and hold its first international conference, thus opening our exchange to include European, American and Asian countries.

Under the slogan of "Building up Team Science to Cure Cancer!" dynamic and stimulating scientific programs, joint sessions with related societies, and social activities will be organized featuring world renowned experts who will share their latest findings and cutting-edge methods covering the entire spectrum of cancer research.

We truly believe KSMO 2019 will be a highly rewarding international festival for each and every one of our participants to come together, build relationships, network and collaborate. Be sure to mark the date in your calendar!

We look forward to seeing you all in Seoul, Korea!
