

STEREOTACTIC RADIATION BRAIN & SPINE

NATIONAL TRAINING COURSE ON
CONTOURING AND TREATMENT PLANNING
IAEA TECHNICAL COOPERATION PROJECT RAS6098

WHO SHOULD ATTEND?

CLINICAL / RADIATION ONCOLOGISTS
TRAINEES IN CLINICAL / RADIATION ONCOLOGY
MEDICAL PHYSICISTS
RADIATION THERAPISTS

12-13

JULY 2024

VENUE

KUALA LUMPUR

CONTOURING AND TREATMENT PLANNING
IAEA TECHNICAL COOPERATION PROJECT RAS6098

BRAIN METASTASIS (Day 1 : Friday, 12th July 2024)

Time	Topics
0730 – 0815	Registration
0815 – 0830	Welcome speech/Presentation on IAEA
0830 – 0900	Understanding Stereotactic Radiosurgery : An Introductory Seminar Marfu'ah Nik Eezamuddin, UKM Medical Centre
0900 – 0930	Critical Insights : The Impact of Radiological Imaging on Radiation Planning for Brain Metastases Raja Rizal Azman Raja Aman, Sunway Medical Centre
0930 – 1000	Optimizing Brain Metastasis Treatment : Utilizing Diverse RT Techniques & Optimal Patient Selection Hadi Ab Jalil, Sarawak General Hospital
1000 – 1030	Morning Break
1030 – 1100	Insights from Centers Practicing SRS/SRT and GK : Sharing Experiences Vaishnavi Jeyasingam, Hospital Kuala Lumpur
1100 – 1130	Exploring Optimal Dose Fractionation Strategies -TBC-
1130 – 1200	Re-Irradiation in Brain Metastasis : Treatment Strategies and Outcomes -TBC-
1200 – 1230	Patient specific QA Ng Aik Hao, University of Malaya Medical Centre
1230 – 1245	Q&A
1245 – 1400	Lunch Break
1400 – 1700	Practical contouring/ planning Doctors: -TBC- Physicists: Yong Jie See, Sunway Medical Centre

BONE METASTASIS (Day 2: Saturday, 13th July 2024)	
Time	Topics
0830-0900	Critical Insights : The Impact of Radiological Imaging on Radiation Planning for Bone Metastases Fariah Abd Ghani, Hospital Kuala Lumpur
0900 - 0930	Treatment Modalities for Bone Metastases : Pharmacotherapy and Non-Radiotherapy Approaches Patricia Shamani Soosainathan, National Cancer Institute
0930 - 1000	Surgical Interventions in Bone Metastasis: The Role and Impact Mohd Faizal Abdul Manan, Hospital Kuala Lumpur
1000 - 1030	Morning Break
1030 - 1100	Physics talk : Jong Wei Loong, Icon Cancer Centre Singapore
1100 - 1130	Optimizing Radiation Therapy for Bone Metastasis : Insights into Treatment Approaches and Patient Selection Across Different Radiation Platforms -TBC-
1130 - 1200	Exploring Optimal Dose Fractionation Strategies - TBC-
1200 - 1230	Re-Irradiation in Bone Metastasis : Treatment Strategies and Outcomes Adlinda Alip, University of Malaya Medical Centre
1230 - 1245	Q&A
1245 - 1400	Lunch Break
1400 - 1700	Practical contouring/planning: Doctors: -TBC- Physicists: Yong Jie See, Sunway Medical Centre
